

A close-up photograph of a person's eyes, looking directly at the camera. The eyes are light-colored, and the eyelids are adorned with a shimmering gold eyeshadow. The eyelashes are dark and well-defined. Overlaid on the image is the text 'LEYLA D'AMORATI' in a bright pink, pixelated font. The text is centered horizontally and spans across both eyes.

LEYLA DIAMONDI

Her latest release "Passenger Princess" is an anthem for every woman determined to climb into the driving seat of her own life. "Passenger Princess" flips the eponymous stereotype: the girlfriend in the passenger seat, decorative and along for the ride. Control doesn't vanish just because it's quiet, and as Leyla puts it, "perhaps we can challenge what power truly looks like." Same seat, different posture: self-assured, financially independent, and done negotiating basic respect.

The Passionate Journey of Leyla Diamondi: Music and Creativity

London-based Leyla Diamondi burst onto the dance music scene in October 2023, and she hasn't looked back since. In a short time, she has made waves, being featured on a Beatport playlist, Spotify's prestigious New Music Friday Dance editorial playlist, and even the popular video game Rocket League. Her rapid rise in the dance music world is a testament to her talent and passion.

Leyla believes that "music just makes every moment in life better," a philosophy she embraces wholeheartedly. Whether it's a midnight drive, a walk home from work, a session at the gym, studying, playing games, or even engaging in a seductive dance for a loved one—"it he's lucky 🍀"—Leyla's music provides the perfect soundtrack.
